

Digital Printing on LuciteLux® Acrylic

PRINT STUNNING IMAGES ON DISPLAYS AND SIGNS

Digital printing on LuciteLux® Continuous Cast acrylic sheet produces stunning images with limitless possibilities. Our acrylic allows ink to stick without the need to have it coated and offers you a greater choice for wide-ranging applications, including hospitality decorations, retail displays and signage.

FEATURES & BENEFITS

- Available in most LuciteLux® acrylic colors
- More enhanced chemical resistance to crazing than standard acrylic grades
- Excellent choice for Edge or Back lighting applications
- Superior optical clarity
- Works best with UV curable inks
- Uniform thickness
- Suitable for indoor and outdoor use

APPLICATIONS

- Hospitality designs
- Retail displays
- Visual ads
- Signage
- And so much more!
